Big Important Directions

1. Print this page.
2. With scissors, cut along the inside of the dotted green lines.
3. Lay the paper down on the table.
4. Ask yourself if you really want to make an "I am Josh" ornament for your Christmas tree, if the answer is yes proceed to step 5, if No - have an eggnog, whatever the heck that stuff is anyway and call it a day Mr. or Ms. Fancypants - I wouldn't want my face to grace your doorway let alone your Christmas tree.
5. Place the "I am Josh" side of the paper face down.
6. Fold the sides in along the gray dashed lines - then fold the top and bottom down over the sides. Be sure "I am Josh" is still showing
7. Place the picture of Josh inside the folded paper border.
8. Tape the ornament together - for a true to life reproduction use lots of masking tape.
9. Tie a piece of string into a loop and tape to the back of the ornament.
10. Hang on tree and enjoy for years to come.

Special Bonus for Crafty Crafters!!

Customize your "I am Josh" ornaments with your own artwork! Some of our favorites include: "I am Josh, with a Hitler Moustache!" and "I am Josh as Michael Knight sitting in KITT"

Think you've done a great job - send a scan or photo of "I am Josh" hanging on your tree and you could win a special* prize. All entries must be submitted by 11:59 PST December 31, 2004. Send to - josh@gitgan.com

Merry Christmas from your friends at Gitgan.

*Cheap - as in I'm giving you an opportunity to make fun of me so I'm not going to reward you with some really great prize. I mean, come on, you get a cool ornament with a picture of me with a totally sweet hair style and teeth that I hadn't quite grown in to yet. That's got to be worth something itself, right?
